Introduction

Khanico Limited was incorporated in the year 2000 striving to fill the market's void of exceptional customer service in the industrial sector. Companies quickly gravitated to Khanico as the name became synonymous with customer satisfaction.

Khanico Limited is located at 11-12 Harmony Hall Road, Gasparillo. We supply a wide range of Industrial and Engineering Tools and Equipment for the petrochemical Industry. These include;

- Auto Electrical (Heavy Equipment Starters and Alternators, Trailer Cables, Terminals etc.),
- Electrical Tools (Multimeters, Insulated Tools etc.),
- Pneumatic (Compressors, Impact Wrenches etc.),
- Hand Tools (Spanners, Sockets etc),
- Power Tools (Grinders, Chopsaws etc.),
- Machine Shop Tools (Tool Holders, Inserts, Tool Bits, Drilling Bits, Threading Dies etc.)
- Rigging (Chain & Lever Hoists, Slings etc.),
- Hydraulics (Hand Pumps, Electrical Pumps, Cylinders, spreaders etc.),
- Material Handling (Pallet Jacks, Trolleys, Drum Trolleys etc.),
- Welding (Consumables, Inverter Welding Units etc.),
- Lubrication (Penetrants, Inhibitors, Anti-Seize, Barrel Pumps, Oil Containers).
- Speciality Tools (Brass Hammers, Striking end Spanners,).

We also offer certification on all of our Rigging and Hydraulic equipment. Along with our 24 hour service, we provide a highly efficient and timely on-site service as well as delivery.

We are delighted to offer our services to your company, and would be very appreciative if you would permit us this opportunity.

Our organization is customer oriented; therein we guarantee all our customers satisfaction. Our terms and conditions are highly competitive, thereby allowing customers to enjoy low prices. The products we sell are of the highest quality, with warranty supporting all our products.

Our goal is to become the region's preferred supplier of industrial tools and equipment backed by exceptional after sale service and support to all our clients.

We thank you for your consideration and we welcome you to visit our branch at any time to get a better understanding of the service we can provide you with. For any further information, please do not hesitate to contact us and you can also visit our website www.shopkhanico.com.

We look forward to being of service to you.

Information

About our company

Our Product Portfolio

Our Diverse Range

Hand Tools

Metric and SAE

We supply a wide variety of spanners, sockets (impact & deep), screw drivers, torx, torque multipliers, torque wrenches, striking & knock-up spanners, non sparking tools etc.

Pneumatics

Compressors & Tools

We supply, install, and repair reciprocating and screw type compressors, impact wrenches, tools, 150BM and 450BM air starters and starter relays.

Hydraulic Equipment

Industrial Lifting

We are the proud distributors for Larzep (Spain) under the Actuant Corp. We service and supply hand pumps, lifting cylinders, spreaders, pullers etc.

Lifting and Rigging Equipment

Industrial Appliances and Accessories

Lifting equipment are critical for industrial repairs. We stock and customize chain lengths on manual & electric chain hoists. We also supply web and round slings manufactured to BSEN 1492-1 & 2.

Safety

We know your loved ones await you.

Our inventory includes the full range of PPE, tool lanyards, multi-use anti-drop slings, hard hat lanyard, high impact gloves, non-sparking tools, anti-fog eye wear (clear & tinted), retractable harness etc.

Machine Shop Supplies

Cobalt, Carbide, Titanium

We stock a wide range of tool bits, taps, dies, drilling bits, coolant, annular cutters, inserts, burs etc. from quality brands such as Sandvik, Dormer, Champion, Totem, Mercer etc.

Precision Tools

Results you can trust

We proudly represent Starrett PrecisionTools, industry leaders in precision tools including vernier calipers, internal and external micrometers, dial indicators, magnetic base holders etc

Save time & money

We know it, disorganized tool storage costs you time and money. We have the widest variety in storage chests, tool carts, tool trays, tool bags and workshop storage solutions to increase your efficiency.

Material Handling

Move materials safely and efficiently.

We represent WESCO MFG, leaders in material handling solutions including pallet jacks, flat-bed trolleys, collapsible trolleys, drum dispensers and carriers etc.

Our Services

Core competencies

Our Service Department also located at 11-12 Harmony Hall Rd, Gasparillo has the benefit of working hand in hand with the sales team being able to assist and aid customers in the shortest possible time.

Our service team grew in parallel with the company as training and services offered evolved.

One of the key goals for the service team was the ability to provide immediate after sale service

and support to clients. This team developed from the simple services of starter and alternator repairs, power tool repairs to rebuilding of reciprocating air pumps, repair of 10,000psi hydraulic hand pumps and lifting cylinders, service and repair of manual lifting appliances and rigging inspections.

We are proud to offer OEM support for tools and equipment under our umbrella.

This support structure has certainly positioned us quite favourably in the market and we look forward to further development

Lifting & Rigging Inspection

Over the past years our inspectors have successfully passed training in Non-Destructive Testing (MT, PT, UT) and Inspection of rigging appliances and accessories (chain hoists, slings, shackles etc.). These were delivered by ANDTS, NSL, LEEA and Crane Institute of America. Certificates can be provided upon request.

Hydraulic Repairs

Many manufacturers have capitalized on the benefits of hydraulic systems in the engineering of their equipment. These vary amongst lifting cylinders (up to 220t), hand pumps, electrical pumps, automotive jacks etc. Our team repairs to OEM specifications and can provide pressure tested reports.

Pneumatic Repairs

Khanico is the sole distributor and repair center for PUMA air compressors. This includes all reciprocating and screw compressors along with the full line of pneumatic tools. Our team is also trained in the repair, modification and rebuilding of pneumatic air starters for marine applications.

Automotive Equipment Service

Khanico maintains supplied SATA Automotive equipment including two-post lifts, alignment lifts, transmission jacks, tyre changers, speed balancers and 3D alignment machines to OEM specifications.

Evaluation

Our service team offers on-site and in-house evaluations of tools and equipment allowing full transparency of your assets.

Recommendations

Based on international standards, industry best practice and experience we are able to provide all recommendations to aid in your decision making.

Reports

We understand the value in document management and record required for all equipment maintenance. These can be customized to your preferences.

Support

Our team remains just a phone call away to address any concerns you may have or even to offer support and advise on any equipment.

Our Advantage

Exceeding your expectations.

We know you may have many options when looking for a product or service but what sets us apart from the competition? Why should you contact us with your next query?

Our staff members are frequently trained and refreshed in product knowledge both in-house and by brand representatives. We are able to advise you on the best product for your application and advise on all limitations that may exist with the product's usage, saving you time and additional expenses. Many of our industrial tools and equipment have been engineered for the most demanding application. If you need quality tools, dependable warranty and reliable after-sale service we are certainly the right match for you.

Extensive Product Knowledge

Reliable After-Sale Support

Wide Product Variety

Solution Driven

Dependable Repairs & Service

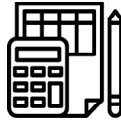

Efficient Delivery

Training

We provide product training to all customers once required. This can be scheduled upon request at point of purchase or at anytime with our sales representatives. We make it our responsibility to ensure you understand how to correctly and appropriately operate your equipment purchased from us!

Proposals

Our sales team will certainly take pleasure in providing a quotation for you to review. This can include all viable options and brands that may apply to your solution. Feel free to call, email, talk to any of our representatives or even walk into our show room, we'd be happy to assist.

Delivery

We offer free delivery services to all our energy sector customers even after hours and on weekends. We make it our duty to ensure your operations continue and is unaffected by tools and equipment we can supply.

We make it our duty
to ensure your operations
continue.

Our Clients

Who we work With

Our Reputation

What they say about us

Christian Fairley

Staff extremely knowledgeable and treats you as if you are a regular there. They don't hit you a sales pitch, they talk like real people which I'm sure everyone can appreciate. I don't usually recommend businesses unless I think 100% they can deliver. I recommend Khanico Ltd.

Gideon Figeroux

I must say the staff dealt with me at Khanico as if I'm a regular customer. Will definitely recommend them to anyone.

Nazim Ali

My first time at this business place. They have so many tools and equipment there. The prices seems to be very reasonable. The staff is extremely knowledgeable and courteous.

Our Inventory

**Our
Inventory**

>10879

**Our
Suppliers**

40+

**Our
Experience**

23 YEARS

Extensive Inventory

Our 3 warehouses stock over 10879 unique items in various quantities to satisfy your demand. We are the first option for speciality tools and equipment in the energy sector. We have grown significantly from a mere 500 sqft. facility to our main office of over 11,000 sqft. and our warehouse distributed across a 2 acre facility.

Worldwide Product Support

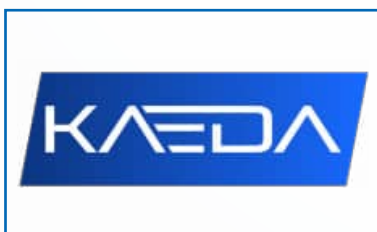

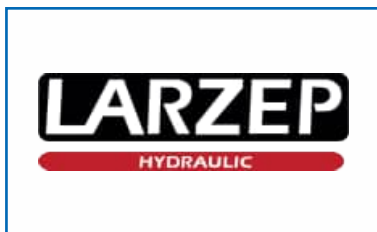

Our suppliers range from the United States, Spain, England, India, Tiawan, Japan, Colombia, Brazil and Germany. We have developed a reliable business relationship with all our suppliers enabling us to refer for product training, advise and even after-sale support if required.

Years in Business

Incorporated in the year 2000, we have walked on the fields with many customers over the years; understanding their challenges and developing numerous solutions. Whether involved in the manufacturing, petrochemical, processing, construction or energy (upstream & downstream) sectors we can certainly be of service
